### **APPLICATION QUESTIONS**

1. How familiar with the Book of Proverbs are you? What role does it normally play in your life?
2. Verses 2–6 describe wisdom as discipline, discernment, and discretion. Think of 3 life situations you've experienced in the past 2 weeks where you needed this wisdom. How does our passage help you?
3. Would your friends describe you as teachable? Why do we find it hard?
4. What does it mean that the "fear of the LORD is the beginning of knowledge"? How can we cultivate a fear of the LORD?
