### **APPLICATION QUESTIONS**

- 1) What are some of the ways we might be drastically out of sync with Jesus?
- 2) How does time around God's King change the conduct of His kingdom people? (Be specific and try and think of New Testament passages that explain how this works).
- 3) How does seeing God's use of sinful men and sinful actions to bring about His kingdom encourage us as we serve Him in a messy world?
- 4) As we follow Christ, turning from the old kings/kingdoms we used to serve, how do we most clearly contrast with those around us?
